Hi Kristin,

April 7 at 2pm works for us.

Thanks,
Davinder

Can you please resend your message Mr. Hothi? Nothing came through to my email.
Thanks,
Kris

I'm writing today to propose a conference call with EPA (myself, Brooks Stanfield, and Jeff Fowlow), to discuss a settlement offer with Spokane Recycling and the two cleanup options we are currently considering. The three of us are available at the following times: Thursday, April 2, 1-3pm; Monday, April 6, 10am-12pm; Tuesday, April 7, 1:30-3:30pm.

Please let me know which of those times you prefer, and I will send you the conference call information. If none of those times work for you, please propose an alternative time and date.
